

## 2016-2017 Fall Professional Development Workshops

Workshop	Date	Time	Room	Description
How to tell your AAS.EGT from your AAS.GET - Solving the Engineering Technology placement riddle	August 12, 2016	10am-11am	<del>C-126</del> <b>Room Change:</b> <b>C_102</b>	<p>Don't know the difference (or that there <i>was</i> a difference) between university transfer and engineering transfer? How about mechanical engineering technology vs. mechanical engineering transfer? What's 2+2 - and does it really equal 4? Should engineering technology students take the placement test even if they have a 3.0 high school GPA? Those questions, and much more, will be answered in this informational session.</p> <p>Who should attend? Anyone wanting to know what is offered in Engineering Technology at YTC, but especially those making early connections with students who use the word "engineering" when asked what they wish to study.</p>
Professional Development Process Everything you wanted to know but were afraid to ask...	August 31, 2016	2pm – 3pm	A-103	<p>Since the Fall 2016 PD Cycle is fast approaching, we are providing an opportunity to better prepare you to submit an exceptional professional development proposal. This session will provide a comprehensive overview of the Professional Development Program at York Tech, including information on the following topics:</p> <ul style="list-style-type: none"> <li>➤ Helpful tips on writing effective project proposals (return to university, return to industry, seminars/conferences/workshops, and internal course requests)</li> <li>➤ Project cycles and timelines</li> <li>➤ Funding Allocation Form</li> <li>➤ Navigating the professional development webpage</li> <li>➤ Internal professional development opportunities, the Master Plan</li> <li>➤ The reimbursement process</li> <li>➤ Travel arrangements</li> </ul>
Advisor Development	October 24, 2016	3-4pm	A103	<p>This one hour session is offered on two different dates/times so that all faculty and advisors may attend the one session that best suits their schedule.</p> <p>During the session, advisors will receive important information and updates regarding financial aid, course substitutions, etc.</p>
