

Navigational Problems:

- If you click on a link to open a document and get “Webpage cannot be found” or “Webpage Navigational Error”: You must generally answer a pop-up question correctly. The pop-up question should be answered in the following manner:
 - Do you wish to view secure items only? Answer **No**
 - Do you wish to view secure and nonsecure items? Answer **Yes**
- Another pop-up question that may appear is: Do you trust this site: <https://d2l.yorktech.edu>? Answer **Yes**
- If you have already answered the questions incorrectly, log out of D2L, log back in, then answer the questions as indicated above.
